Location: Salem, Tamil Nadu – 636304

SUMMARY

Motivated Computer Science and Engineering student seeking an entry-level position to apply programming and problem-solving skills. Passionate about software development and eager to contribute to organizational growth. Quick learner with strong technical and teamwork abilities.

EDUCATION

B.E. Computer Science and Engineering (2023-2027)

R P Sarathy Institute of Technology, Salem

CGPA : 8.7/10

Higher Secondary Education (2021-2023)

G R Matric Higher Secondary School, Salem

Percentage : 90.5%

TECHNICAL SKILLS

Programming Languages : Java, Python, SQL

Web Technologies : HTML, CSS

Tools : MS Word, MS Excel

Database : MySQL

INTERSHIPS

Java & Python Intern – ODUGAATECH Pvt. Ltd (JAN 2024)

Gained hands-on experience in developing applications using Java and Python. Strengthened understanding of object-oriented programming and logic building. Implemented basic programming concepts to solve problems.

Python Web Development Intern – IMMACULATE TECHNOLOGY (JUN 2025)

Enhanced dynamic web applications using Python technologies. Designed and applied basic backend functionalities. Worked on integrating front-end and back-end components.

Data Analytics Intern – TECHFORGE (DEC 2025)

Analysed datasets to extract meaningful insights using analytical tools. Performed data cleaning, preprocessing, and visualization. Improved skills in data interpretation and reporting.

CONFERENCES

1. DermAI : AI-Based Skin Disease Detection with Multi-Output Prediction, Severity Analysis, Explainable AI, and Patient History Tracking

Improved an AI-powered system to detect and classify multiple skin diseases from images using machine learning techniques. Implemented a multi-output classification model to identify different skin conditions.

2. A Novel Explainable AI Framework for Early Lung Abnormality Detection from Chest CT and X ray imaging

Developed an explainable AI-based system to detect early lung abnormalities from chest CT and X-ray images. Integrated deep learning models with interpretability techniques (like Grad-CAM) to highlight affected regions.

ACHIEVEMENTS

1. NPTEL (ELITE) - Information Retrieval
2. Data Science - NASSCOM FutureSkills Prime
3. Introduction to MS Excel - SIMPLILEARN
4. SQL – SOLOLEARN

SOFT SKILLS

- Communication
- Teamwork
- Problem Solving
- Time Management

DECLARATION

I hereby declare that the above information is true to the best of my knowledge.
